

# Merging Cabinotch Carts

Merge Carts = 2 Previously Saved Carts:

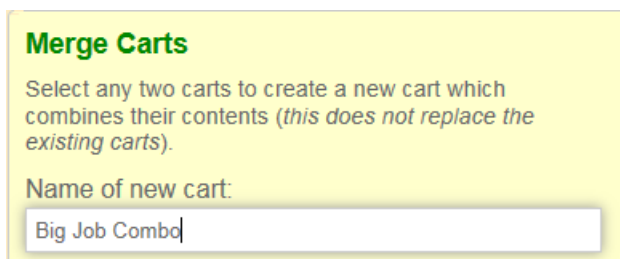

The Merge Carts functionality allows the combination of two previously saved carts, into a brand new combined saved cart. The user can then load the new combined saved cart and check out, or add other items to it.

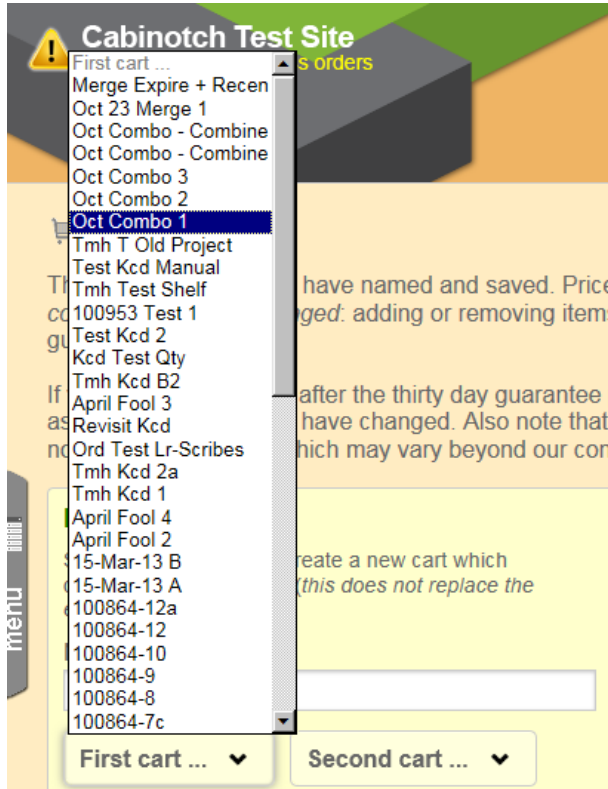

After logging in, click on My Account and then the **Saved Carts** option. The screen contains the **Merge Carts** section at the top, and then a list of currently saved carts.

If you wish to review what is in an existing saved cart, navigate to it and click the drop down arrow. The display will expand out to show what is in the cart.

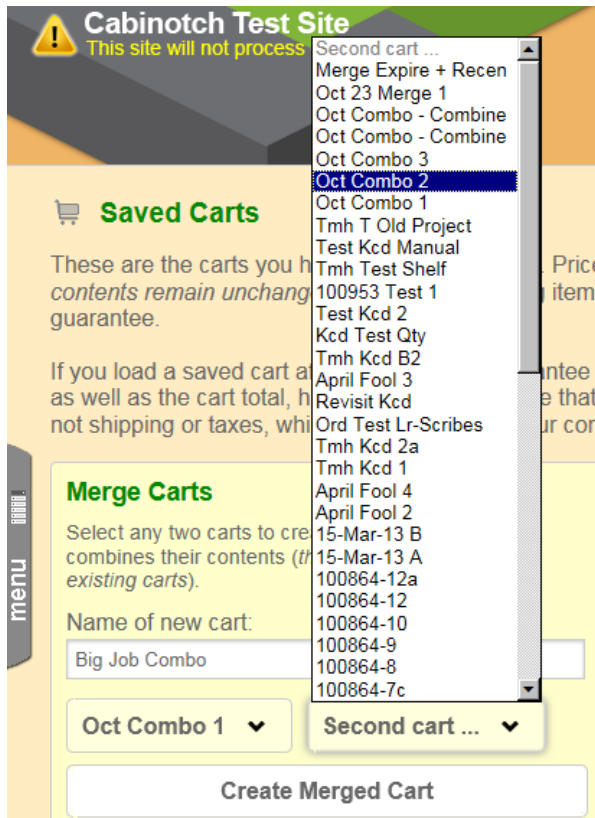

Give the new Merged Cart a name:
