General Information

- Cabinets are available in .001" increments.
- Choose either pre-finished maple UV interior, or unfinished interior to match wood species of the face frame.
- Side, top, and back panels are 1/2" PureBond® plywood.
- Cabinet box plywood is light color domestic hardwood unless otherwise specified.
- Back panel is flush with the side panels.
- Shelves are 3/4" thick plywood, full depth, and adjustable.
- Shelves are sized 1/8" less than the total inside width for easy adjustment.
- Cabinets with shelves have the side panels bored for 5mm shelf pins on 32mm centers (pins not included).
- Face frames are available in the following wood species:

Cherry	Red Oak
Hickory	Soft Maple
Hard Maple	Walnut
Red Alder	White Oak

- Face frames are wide belt sanded to 220 grit (palm sanding recommended before finish)
- All stiles, mid, and bottom rails are 1 1/2" wide, 3/4" thick solid wood.
- All Wall and Tall cabinets have 2 1/4" wide, 3/4" thick solid wood top rails.
- 1/4" outside scribe included on all frames.
- Toe kick is 4" high by 3" deep.

Blind Cabinet Calculations

Blind Wall Cabinet width is calculated by the following formula:

$$14 \frac{3}{4}" + \text{the cabinet opening width} = \text{total cabinet width}$$

Blind Base Cabinet width is calculated by the following formula:

$$27 \frac{1}{2}" + \text{the cabinet opening width} = \text{total cabinet width}$$

Assembly

These are RTA Cabinets—require quick and easy assembly
